**C** **C/B**  
 It's like a hurricane that's rolling thru my window  
**Am** **F**  
 When I feel the pain that's hittin' like a billow.  
**C** **C/B**  
 All the hurt and failure humanity's dealing  
**Am** **F**  
 Stopping me like I am hitting the glass ceiling.  
**C** **C/B**  
 But somehow I can see through it all still (still, still)  
**Am** **F**  
 You have never left me and that you never will  
**C** **C/B**  
 All this failure points me back to who I am  
**Am**  
 A sinner saved by  
**F**  
 (the) grace of the God who became man
